

NMSU College of Engineering Ambassador Program Application

Name: _____ Banner ID: _____
Phone: _____ E-mail: _____
Major: _____ Cumulative GPA: _____
Class standing (circle): SO JR SR will be SO in the Fall*

*If an applicant who will be a sophomore at the end of the Spring semester is selected as a top candidate, the offer of ambassadorship will be contingent on his/her achieving sophomore status and maintaining a cumulative GPA of 3.0 after the Spring semester.

Application Checklist:

- Submit application
- Submit resume with reference from College of Engineering faculty or professional staff (with their approval)

Application Timeline:

- 1. Submit application and resume with College of Engineering reference**
Students whose application packet is incomplete by the deadline will not be considered part of the applicant pool.
- 2. Individual Interview with Ambassador Program Coordinator**
These will be scheduled by the office of the Ambassador Program Coordinator once a full application packet is submitted before the deadline and qualifications have been confirmed. Ambassador program duties and benefits will be discussed at this time.
- 3. Panel Interview and Presentation**
These will be scheduled by the office of the Ambassador Program Coordinator for candidates who met the application deadline and have completed the individual interview with the Ambassador Program Coordinator.

Panel will be comprised of the Ambassador Program Coordinator, one or more current Ambassadors, and any attending Department Heads.

Candidates will be asked to give a 3 minute presentation on their major or the College of Engineering.
- 4. Final decisions will be made by the Ambassador Program Coordinator and Department Heads.**
